

BRILLIANT

WALL & CEILING SYSTEMS.

Professional Design Services
Bring your vision to life.

Make it BRILLIANT.™

Innovative technology. BRILLIANT results.

BRILLIANT™ Wall and Ceiling Systems is an independent company that offers a fresh take on interior design and building. We specialize in the design, fabrication, training and installation of innovative wall and ceiling coverings and acoustical treatments for both residential and commercial spaces.

Smart. Sustainable. BRILLIANT.

As beautiful as they are practical, BRILLIANT™ Systems are stretch wall and ceiling coverings that can be used to renovate or repair, or simply enhance the aesthetic of any residential or commercial space. Eco-friendly and virtually maintenance free, we use only safe and environmentally friendly materials that are easy to clean and will never crack, flake, warp, fade, or peel.

A BRILLIANT Shade of Green:

All BRILLIANT Wall and Ceiling Systems are constructed of non-flammable, non-toxic sheets of polyester that is made of 20% recycled polyester and is 100% recyclable. It is coated with a special 100% water-based PU-coating that is 90% biodegradable. No PVC, solvents or heavy metals are used during the manufacturing processes, ensuring a truly green product.

BRILLIANT Ideas. Unlimited possibilities.

From cool and contemporary to classic and traditional, BRILLIANT™ Wall and Ceiling Systems are ideal for any space, any style, and any surface. Choose from hundreds of images, patterns, and solid colors — or find out how our graphics studio can assist you in bringing you own custom vision to life.

BRILLIANT'S experienced team of building and design professionals are available to assist you. **To learn more and to get started, visit www.brilliantceilings.com or email info@brilliantceilings.com.**
